General Meeting Announcement

*“Setting Sail In America:
The Remarkable Story of Herreshoff S Class Sailboats”*

When: Thursday January 14, 2021
Where: Zoom, See details from Danielle
Time: 7:00 pm

The January 2021 AMSS season kicks off with a U-Tube Video from the Herreshoff Museum. *Setting Sail in America* is an homage to the S-Class, that takes the reader on a compelling journey through the history of the S boat- a journey that visits milestones in American society, politics, business, and social life.

Lifelong sailors, Alan and his son Cory have been always been passionate about the sea. In 2005, the duo joined the classic racing circuit by purchasing Firefly, a 1926 S boat, which they campaign together. Alan is currently the Vice Commodore of the Narragansett Bay Herreshoff S Class Association. While Cory's photographic specialty is superyachts and the luxury lifestyle market, traveling the globe on assignment for highly renowned shipyards and dedicated owners, he began his career focusing on wooden boats.

The Herreshoff S Class is the oldest American one-design fleet still racing the original boats, with active fleets in Cape Cod, Long Island Sound, and Narragansett Bay celebrating 100 years.
