

## Important Dates !!!

- JULY 17th: Board of Directors meet,  
Southwestern YC 7:30 PM
- JULY 24th: General Meeting aboard  
STAR OF INDIA, 7:30 PM
- JULY 26th: Raft-up and Barbecue in  
Crown Cove, South Bay
- JULY 27th: Fleet leaves from San Diego  
for Catalina & Long Beach
- AUGUST 3rd: Annual Ancient Mariner's  
Race in Long Beach, Calif.

## July Meeting

The general meeting for this month will be held July at 7:30 P.M. aboard the STAR OF INDIA, which is docked at the foot of Broadway. A film will be shown on the restoration of the STAR, courtesy of the San Diego Maritime Museum. All members are urged to attend and guests are welcome.

## Raft-up party and POTLUCK BARBECUE

The July activity will be held on Saturday, July 26th, and will be a raft-up in Crown Cove with a potluck barbecue on the beach.

For those of you who will not be sailing down to South Bay, and will be driving over, Crown Cove is located on the bay side of Coronado Strand. This should be lots of fun for everyone, and will really give us all a good chance to get to know each other better.

Immediately following the party, some of the boats from our club will be leaving to go up the coast for the Annual Ancient Mariner's Race in Long Beach. The plan is to leave San Diego and sail directly to Catalina, and stay there until Thursday. The boats will then sail to Newport where they will join other boats and go "en masse" to Long Beach for the race, which will be held on Sunday, August 3rd.

For more information about the Long Beach race, or an entry blank, contact Kerry or Priscilla Geraghty.

Boat of the Month does not appear in this issue as our Historian, Saunie Driscoll, is on vacation.

## OXNARD RACE

QUEEN MAB, the 87' Herreshoff schooner was sailed by members of the Ancient Mariner's Sailing Society and their guests in the Annual Oxnard Schooner Races held on the weekend of June 7th & 8th. The race is sponsored by the Schooner Association. A crew of twenty one persons brought the QUEEN in for a fifth place finish in a field of forty six boats.

QUEEN MAB and her crew were given a beautiful brass cabin lamp as the trophy for the boat hailing from the most distant port. She was also presented with a complimentary burgee from the Schooner Association.

## Book Exchange

It was suggested at the June general meeting that we institute a book exchange among the members of our organization. If you have any books on sailing, boats, boat maintenance, sea lore, etc. that you would like to put into circulation within the Ancient Mariner's Sailing Society it would be very much appreciated.

Marj Carver has volunteered to compile a list of books and other publications that will be of interest to all of us. If you have any contributions to this project please call Marj at 298-8422 (after 5 PM).

Also, if you have read any good books that you think would be useful to other members of the club, submit the title and author to Marj so that she may add it to a reference list that we may all consult if we need a specific book on a particular subject, or would just like something good to read for the sake of pleasure.

## A Change?

A proposal has been made to reduce the number of regularly scheduled "on the water" activities from one each month to four or six per year. The Ancient Mariner's activity season would begin with the annual regatta, and the other activities would be spread over the year.

We need some response from the general membership on this issue, and anyone who wishes to voice an opinion on the matter should do so at one of the next general meetings or in writing to the secretary.

## Wednesdays

During the summer, with the long evenings and balmy weather, the Ancient Mariners will be out sailing with the Wednesday night "beer canners", with an "aftersail" activity thrown in for good measure.

When you've sailed down the bay and back, join the rest of the crowd for a raft-up and social hour in La Playa cove. It should be lots of fun!

So come on out on Wednesday nights and look for the Ancient Mariner burgees!

## CRUISERS

Sam and Irene Mangum, aboard the 32' gaff-headed ketch, IRENA, will be leaving soon on a long awaited cruise to the Pacific. The Mangums will head for Hawaii where they will spend about a year just leisurely cruising the islands before they go on to other areas.

Another one of our members who is planning a cruise in the near future is Harry Steward, on the 30' Block Island sloop, ISLANDER. He also plans to head for those South Sea paradises.
