## Oceanside

Mark your calendar NOW!

OCEANSIDE HARBOR DAYS, Oct. 11th & 12th. Now, pick up the phone and call Lonnie Lynch at 295-3744, to let him know that you want to participate. We must have an exact count of all boats attending one week in advance, so that they can provide space for your boat. This is always one of the most enjoyable events of the year. Don't Miss It!

FROM THE

Helm

Not much is happening, "The Helm" is on auto pilot. (Not really.)

There is NO MEETING for September. The next general meeting is October 2nd.

Yours truly will be going to the Port Townsend "Wooden Boat Show" Sept. 5th - 7th. Hope to see some of you there. I understand there are several others going.

ASCOT '86 (car & ?boat show) will be Sunday, Oct. 19th. At this particular writing, there is some question as to whether they are having the boats or not. More on this later.

Hope your last big holiday weekend was Great!

P.S. Maui '87 is alive & well!

## NO MEETING THURSDAY

The decision to cancel the general meeting this month was made because rumor has it, no one would be there (including the Commodore). Many are spending the week out of town Catalina, Port Townsend, etc.).

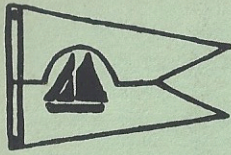

See you all Oct. 2nd!

## S.O.S.

The Maui Race Committee needs to locate cardboard tubes for mailing Maui Race posters. Does anyone know of a source? If so, PLEASE CALL Sheila DeWeese 284-6301 or Lonnie Lynch 295-3744.

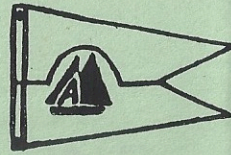

# WELCOME ABOARD

## PROSPECTIVE MEMBERS

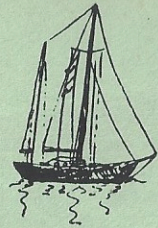

Kevin & Kathleen Thompson  
1005 San Andrade Drive  
Encinitas, CA 92124

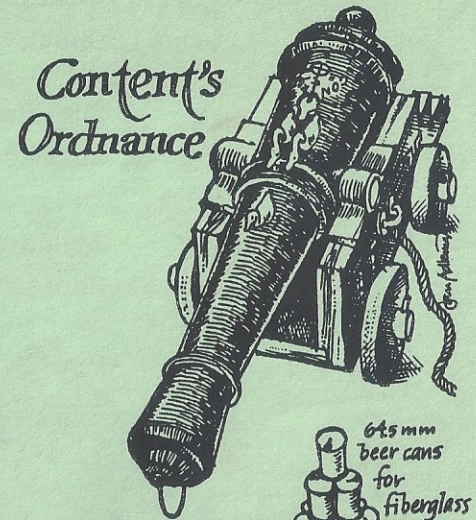

SALUD has been actively involved with the Society for many years. She is a 31' modified Herreshoff Yawl, designed in 1939 and built in 1960 by Clark Custom Boats. Her hull is mahogany strip planked on sawn oak frames.

Art Hoban  
512 W. California #205  
Vista, CA 92083

G. G. GANDER was just launched within this past month. She is a 19' Lyle C. Hess cutter, designed in 1985, based on the Itchen Ferry fishing boat which dates back to the 1860's. She is cold molded of cedar veneer on an oak keel.

Ancient Mariners have been known to actively participate in a few infamous Wednesday night "Beer Can Races". However, it has been noted that not all AMSS boats are equipped with the appropriate artillery required to keep a true "Ancient Mariner Image". Here is an example, as published in the July, 1980 issue of Wooden Boat Magazine; #35, pg. 18.
